

## Streamline Your Business with SkyTab by Shift4 and CES

Upgrade with SkyTab, the all-in-one point-of-sale solution from Shift4, designed to simplify your workflow, elevate customer service, and drive revenue.

### Why Choose SkyTab?

- ✦ All-in-One Hardware: From countertop to handheld devices, SkyTab's sleek, durable terminals fit every service environment including restaurant, retail, or hospitality.
- ✦ Cloud-Based Convenience: Access real-time data, sales reports, and inventory tracking anytime, anywhere.
- ✦ Seamless Payments: Accept all payment types including contactless, mobile wallets, EMV, and gift cards with built-in security and lightning-fast processing.
- ✦ Integrated Online Ordering & Delivery: Expand your reach with SkyTab's commission-free online ordering platform, built right in.
- ✦ Tableside Service & Mobile Payments: Speed up service, reduce wait times, and increase tips with handheld ordering and pay-at-table features.
- ✦ Powerful Back-Office Tools: Manage staff, inventory, and sales reports from one centralized platform. No more guesswork, just insights.
- ✦ No Upfront Equipment Costs: SkyTab offers a POS program with zero upfront costs, and transparent pricing and 24/7 support.

**Whether you're running a bustling bar, boutique, or bistro, SkyTab by Shift4 with CES support helps you operate smarter, serve faster, and grow stronger.**

***Experience the SkyTab and CES advantage — modern tech, unmatched support, and tools built to boost your bottom line.***
